First Quarter 2017

Chairman's Message

Happy New Year! We started off the New Year with a well-attended Annual Dinner at Scarborough's. I hope everyone enjoyed the afternoon. We have submitted our Yearly reports to National and as most of you know our Chapter has met all the requirements as a Top Flight Chapter for last year. We have had our February Meeting at which we again voted to make a contribution to the Double H ranch with matching funds from National to come later.

With Don Todd moving out of the area I have taken over the duty of producing the newsletter for the remainder of the year. However, I will be unable to continue beyond that. The Chapter will need to find a Newsletter Editor at the end of the year. Anyone interested please contact me right away.

There was a tech session held on March 11th regarding C-2 front brake restoration. See photos below. Hope to see everyone at one of our functions in the near future.

VICE CHAIRMAN - *Jim Weir*

Hello to all from sunny Key West, we are having a wonderful time this winter. Sure everyone is working on their winter projects and getting ready for the spring that should arrive by the time we get back north. We went to a local watering hole for Happy Hour the second week of February and asked to sit outside and were sat next to Dale Jr and his wife (yes he and Amy were married on New Year's eve) At first I just looked and told Anne that was Dale Jr. sitting right next to us, after I calmed down we sent a drink over to them and when it was delivered we started to have a conversation, I was on cloud nine just meeting him, we spent about an hour talking to them over dinner and were leaving when I asked if I would be intruding if Anne took a picture of him and I, He stated it was no problem, we talked to him and Amy for about 10 more minutes as we walked down the street to there bikes Amy put her little dog in her basket and Jr. put his Irish Setter in his little trailer behind his bike and down the road they went, it was a great evening and Dale Jr and Amy were very down to earth, we had talked about everything and we were very proud to have met them. They have a house down here and try to get here 7 to 8 times a year. We wished Jr. luck in the Daytona 500, he had a good day until he was taken out by the Toyota's. But we will be looking for him and his new bride early this week before the Atlanta race next weekend.

We also spent two days at the Mecum Auction in late January, The auction was bigger and better than last year, (Mike Wilson it was 80 degrees both days this year.) I found two cars I wanted to bid on, the first was a 66 sliver/red small block air coupe I stopped at 40 and it sold for 44, the second was a 69 Blue/blue big block air coupe I stopped at 46 and it sold for 50. So I am still looking. In July they will be back in Harrisburg, Pa. We also spent a day at the Winter Meet in Lakeland; this show is also getting bigger every year, Many more vendors and about the same amount of Corvettes judged. But the amount of people attending the meet has grown greatly. It was a great day and we met many friends from back in our area.

So hope everyone is fine and talk to you all soon.

Jim

JUDGING CHAIRMAN – *Brian Cantele*
